RAINBOW RESORT®

Year Round Family Vacation Resort

CABINS & VACATION LAKE HOMES:

We furnish bedding, kitchen utensils, soaps & dish towels but ask that you bring your own bath, wash & hand towels (although we do have towels for rent).

Our cabins (#1, 3-5, & lodge cabin) remodeled since 1999 are modern housekeeping cabins including kitchens with cooking and eating utensils, cook stoves, refrigerators, microwaves, coffee makers, etc. The cabins have from 2 to 3 bedrooms and one bathroom with shower. They are winterized and have gas heat.

The new vacation lake homes built since 2000 are spacious deluxe housekeeping cabins including kitchens with cooking and eating utensils, cook stoves, refrigerators, microwaves, and coffee makers as well as dishwashers and center islands (in all but #2 and house unit). The vacation lake homes have from 3 to 4 bedrooms, 1 ¾ baths, fireplaces (in all but the house unit), whirlpool tubs (in some units), and a host of other amenities. They are winterized and have individual room controlled electric heat.

Provided with each cabin & vacation lake home is a fishing boat or dock space for one boat. There is very little change in elevation from all of the cabins and vacation lake homes to the lake, so access to the lake is very easy. Vacation lake homes #2, #8A & #8B are wheelchair accessible with roll-in showers. All the cabins and vacation lake homes are winterized and have great rooms lined with knotty pine and large picture windows providing fantastic views of the lake. They all have decks along the entire front with picnic tables and charcoal grills. Fire pits are provided for campfires.

LODGE WITH SHORT ORDER GRILL & RECREATION/CONFERENCE CENTER:

Our Lodge provides a scenic overview of the lake. We have a **short order grill** in the lodge offering a limited menu including burgers, chicken sandwiches, fries, pizza, etc. In addition, we also serve a limited breakfast menu. We also have beverages and snacks. Our lodge has some basic groceries and supplies. As an **electronic license center**, we can provide you with any of your license needs. We also carry a variety of bait and tackle for our guests as well as oil, gasoline and propane tanks for grills. Wireless internet access is available in the lodge.

Our recreation building has a large air-conditioned game room with electronic games and pool table, conference/presentation room, self-service laundry, restrooms with showers and **FINNLEO** sauna. Our recreation center as well as our lodge can be reserved as a **conference and/or meeting room**. We are a great place for business retreats and/or conferences/meetings.

We also have a variety of sports equipment rentals (see sports equipment rental list) including cross-country skis, snowshoes, ice skates, ice fish houses, boats, motors, pontoon, mountain bikes, etc. There are numerous amenities which are available for use by resort guests at no charge including our ski/hiking trails, paddleboats, canoes, disc golf, etc. Change rooms are also provided.
